

ENVIRONMENTAL POLICY

It is the policy of Waterseekers to ensure that all our activities, so far as is possible, are sensitive to all issues relating to the protection of the environment.

Environmental considerations are taken into account in all purchasing decisions. All plant, equipment and materials used by Waterseekers are, to the best of our knowledge environmentally friendly.

Environmental consideration is given in all aspects of our work and at every stage of our operations from the initial planning stage through to the well drilling and disposing of any waste materials.

Good housekeeping is the duty of all employees, and waste materials are disposed of responsibly recycling where ever possible.

All company vehicles are run on unleaded fuel or diesel.

This policy is under constant review and whenever possible more environmentally friendly products or methods of work will be introduced.
